Sex should be natural and
spontaneous !

Asking for it spoils it

Sex is for **Male** pleasure

A **Woman's** duty is to fulfill
husband need
not her own !!

Men always want
and
are ready for **sex** !!!

For **Men** in **sex**

as elsewhere

it is performance that counts !!!

Men should not express
certain feelings !!!!!

Women expect Men to know
all about sex

Women must wait
for
the Male to initiate

Women must maintain
a good reputation

Women must be

attractive

obedient

passive

because Men expect it !!!

If **Women** are not orgasmic
they should fake it !!!

Nice girls don't get
turned on

Having **sex** means
having intercourse

Good **sex**
always
ends in orgasm

Good **sex** means having an orgasm
preferably
at the same time !!!!
